After the aforementioned days have been exhausted, any additional days will be *unpaid* and any previously paid tuition will be credited towards the following month's tuition. The unpaid days will include any sick days, emergency, county, or state-ordered closures, but only if the six paid floating days have been exhausted. All efforts will be made to notify parents/guardians as soon as possible in the case of unforeseen center closure dates. *If requested, we will help provide names of other licensed child care providers if possible.* Please note that in order for our staff to be fully able to provide the best possible care for your student, it is important that we are able to have time to rest, spend time with friends and family, and to also participate in ongoing professional development to maintain the highest level of knowledge and skills. Thank you for respecting and caring for us and supporting a healthy work-life balance for those who teach and care for your children.
